Construction Equipment Operator: Washington Water Authority has an opening for a field crew position as a construction equipment operator. Position will work with crew installing new service taps, main line leak repair and replacement, and help with other departments as necessary. Construction equipment operation (mini-ex, backhoe, or trackhoe) experience is required.

Washington Water Authority is a public water utility serving a large portion of rural Washington County. Washington Water Authority has an excellent benefit package that includes health, dental, and vision insurance.

Please email resumes to Washington Water Authority at customerservice@washingtonwater.org. Job applications can be obtained by emailing or calling the WWA office at 479-267-2111 M-F 8 to 4.
